

How to Order the **Keles Keyless Expander (KKE)**

1 To start, log in to your RX Wizard account. Don't have an account? Call NEOLab at (800) 922-6365 to be set up as a customer.

2 From your RX Wizard dashboard, click the green **New Case** button in the upper right hand corner.

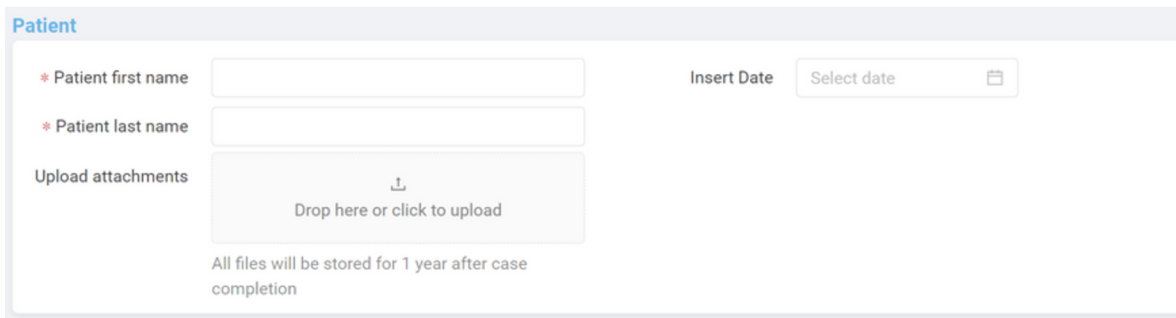

3 If ordering a case from scratch, select the blue **New Case without Template** button.

If ordering from a template, simply click your saved design.

4 In the Patient Details section, add your patient first and last name, and date of appliance insert appointment.

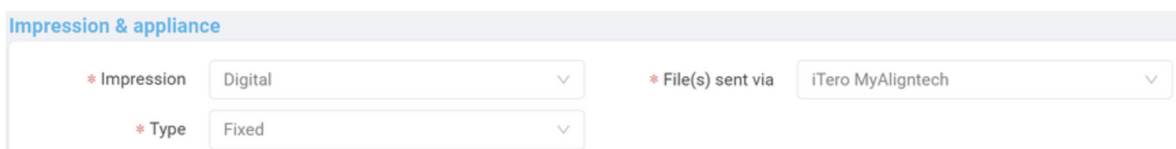

The form is titled "Patient" and contains the following fields:

- * Patient first name:
- * Patient last name:
- Insert Date: (with a calendar icon)
- Upload attachments: (with a download icon)

All files will be stored for 1 year after case completion

5 In the Impression and Appliance section, indicate whether you are sending a model or impression (**Physical**) or an intraoral scan (**Digital**). If Digital, choose from the dropdown menu to let us know where your files are.

In Type, select **Fixed** for a traditional RPE or **3D** for a Printed Metal option without spacers.

The form is titled "Impression & appliance" and contains the following fields:

- * Impression: (dropdown menu)
- * File(s) sent via: (dropdown menu)
- * Type: (dropdown menu)

- 6 In the Category section, choose **Expander**.
In the Appliance section, choose **Rapid Palatal Expander (RPE)**.

* Category

* Appliance

- 7 Next, in the Banding Options section, choose whether you'd like to have the lab design 3D bands, fit indirect bands, or whether you'll send in your own bands to be used. Indicate the position of the bands.

If you're adding buccal tubes, choose which gauge and style.

- 8 Choose your expansion screw type, and size. Select the Keles Keyless Expander, and choose your size. 8mm, 10mm, and 12mm are available.

Required

* Expansion Screw

8 mm 10 mm 12 mm

- 9 Select the Due Date for this case. We recommend 1-2 days prior to the next scheduled appointment. Any dates in blue are available to select.
- 10 Click **Continue**, and review your case details. If everything looks correct, click **Submit to Lab**, and you're finished!
